

End-of-Life Care Resources

Categories : [Health Issues](#), [Older Adult Programs](#)

End-Of-Life Issues Some of the issues that people face at the end of their life include:

- What measures should be taken to prolong or end one's life?
- Is there a way to alleviate pain and suffering?
- What are the legal and financial ramifications of a death?
- Is a will or a living will necessary?
- How are expenses going to be paid?
- How are the needs of family members being addressed?

Website Offering Information for Dying People and Their Caregivers

- <https://www.nhpc.org/> – National Hospice and Palliative Care Organization (NHPCO) web site offers information and publications on a wide range of end-of-life issues such as caregiving, pain management, hospice care, advance directives, financial planning, and more.

How to Find Providers in Connecticut's Community Resources Database:

Search by service name:
