

Birth Doulas and Postpartum Doulas

Categories : [Children and Families](#)

A Doula is professionally trained to assist in childbirth, and they would provide emotional, physical, and educational support to a mother who is expecting, is experiencing labor, or has recently given birth. They give support and help women to have a safe, memorable, and empowering birthing experience.

Go to the following sites for more information: [DONA International](#) or [American Pregnancy Association](#) for more information on birth doulas and postpartum doulas.
