HOMELESS EDUCATION IN CONNECTICUT

The Connecticut State Department of Education will ensure that all Connecticut children in homeless situations have the opportunity to attend, enroll in and succeed in school. Also, the child's school district must provide transportation to and from school of origin at the parents' or guardians' request. Eligible students include children in homeless shelters and domestic violence shelters; children living in motor vehicles; foster children in temporary placement; runaways; and others who lack a fixed, regular, and adequate night-time residence.
