211ct.org has an updated look and feel. Since the 211ct.org website upgrade in August 2015, we have been reading and listening to your feedback about how to continue to improve the site. We have been working hard to incorporate your suggestions and are pleased to release this upgraded version of the 2-1-1 website, which includes *My 211 Account* – a free feature that allows website users to build, save, and share custom resource lists. *My 211 Account* makes it easier for Connecticut residents to:

- Create unlimited customized resource lists
- Save important resources to access at a later time
- Create subject-specific resource lists
- Share resource lists
- Print lists to distribute in a user-friendly format
- Email or text resource lists
- Copy a public link for sharing and embedding on other websites

2-1-1 Connecticut recently hosted a “What’s New?” webinar to provide a live demonstration of *My 211 Account* and an overview of other 211ct.org website features. Click [here](#) to view a recording of the webinar.
