**Program: CTHires Online Job Bank And Employment Network****Categorized as:**

Job Finding Assistance; Job Finding Assistance; Job Finding Assistance; Job Finding Assistance; Job Finding Assistance

**Description:**

Provides a cost-free employment network, including an online job bank, listing of upcoming job fairs, and apprenticeship and training programs. Offers multiple search criteria to look for employment and post resume to the site. Employers can find and recruit employees 24/7 by reviewing resumes of prospective candidates and posting open positions.

**At Site: AMERICAN JOB CENTERS - CHHIRES.COM****Address:**

(n/a), Wethersfield, CT

**Program: Job Finding Assistance: All Groups****Categorized as:**

Job Finding Assistance; Job Finding Assistance; Career Counseling

**Description:**

Click on Make an appointment. Connecticut Department of Labor - Partner of the American Job Center Network offers job search assistance services including workshops (e.g. Resume, Job Search and Interviewing), outplacement support, career counseling and access to a database of job openings. Visit the website: [www.CTHires.com](http://www.CTHires.com) for a schedule of workshops and local phone numbers to call for current information. All job seekers may place their resumes into an employer-searchable database of resumes. The American Job Center Career Centers have self-service job search

support services including research materials, copier/fax machine, postage, personal computers, ability to design and print resumes, and free access to the Internet for job search purposes. American Job Centers also offer information about educational programs for job seekers, offered by job center partners and other organizations.

**Program: Ex-offender Re-entry Workshop**

**Categorized as:**

Ex-Offender Reentry Programs; Job Finding Assistance; Prejob Guidance

**Description:**

American Job Centers offer job finding assistance to ex-offenders; American Job Centers in Bridgeport and Hartford also offer workshops for ex-offenders that are designed to assist them in their efforts to re-enter society and the workforce. Workshops focus on education and training; job search and networking techniques; resume preparation and job applications; effective job interviewing techniques; how to handle employer felony questions; and special employment programs for ex-offenders.

**Program: Individual Training Accounts (ITA)**

**Categorized as:**

Job Training Formats

**Description:**

Individual Training Accounts (ITAs) help pay for certain types of training at approved training providers. Persons apply for an ITA at American Job Centers. Eligibility criteria must be met and not everyone who applies will be eligible. Funding is limited, so the number of available ITAs is also limited.

**Program: Engineering Primer**

**Categorized as:**  
**Description:**

**Job Training Formats**

Job training program is a new opportunity for Hartford residents to get training and experience in new manufacturing technologies, earn an industry-recognized credential and interview for jobs with Connecticut manufacturers. This 10-week program is offered cost-free to Connecticut residents ages 14-18. Call or visit website to check on upcoming start dates. Individuals will participate in three main areas of study in the following disciplines: Computer-Aided Design (CAD): CAD curriculum uses industry level software that is commonplace in Aerospace, Medical and product development companies. Sessions include using factory digital tools with product design simulation to create simple 3D models. Building on a teamwork experience lends itself to the everyday encounters in today's manufacturing workforce. Additive Manufacturing (3D Printing Technologies): Additive curriculum is Manufacturing Basics and Additive Manufacturing. This curriculum was developed with the influence of experts from Collins Aerospace and General Dynamics, Electric Boat. Facilitation and training use the Manufacturing-X-Digital education system. Electronics and IoT (Internet of Things): IoT curriculum is electronics and internet development. Instructors are credentialed in electronics and IoT development. Instructional guidance and workshops are provided by industry professionals. Students explore pathways formed by EIT Digital's Architecting Smart IoT Devices program. The Engineering Primer program includes workforce development education and hands-on learning in the above fields, resume writing, presentation skills, and introduction to professional practices. SCHEDULE: WEEKS 1 - 3: DESIGN IT CAD (Computer Aided Design) A product development overview with sketching, orthographic view study and a move into digital modeling using reverse engineering. WEEKS 4 - 7: PRINT IT Additive Manufacturing - 3D Printing An introduction to additive processes using CAD modeling to prepare and run prototypes for industrial 3D printing. WEEKS 8-10: ASSEMBLE IT Electronics and Internet of Things (IoT) Use hands-on experiences, with lab equipment, soldering and electronic component to assemble parts into a prototype. WEEK 11: INTERVIEW WITH CT MANUFACTURING COMPANIES Over 20 manufacturers will be on-site to interview participants.

**Program: MakerspaceCT Educational and Workforce Training Programs - Intro To Milling and OSHA Certification**

**Categorized as:**  
**Description:**

**Job Training Formats**

Job training program for youth and young adults ages 16-24 provides participants with an introduction to milling and CNC machine operations, as well as a chance to get certified in OSHA 10/30, which is a required credential for many jobs to ensure safe and healthy

working conditions. Introduction to Milling Basics will teach participants about the use manual milling and CNC Machining, how these machines work, how they are programmed, and how their applications apply to a variety of manufacturing processes. Overview will include videos, blueprint reading basics, using a manual milling machine and safety operations of a HAAS TM1P CNC milling machine in the MakerspaceCT Machining lab. Like all classes at MakerspaceCT, this 12 hour overview will include “hands-on” use of tools and machinery and all students will finish with a machined project of their own. Second step of the training program includes a 30 hour Occupational Safety and Health Association Safety Course. Many manufacturers in Connecticut are required to meet federal safety standards when working in a manufacturing facility or shop floor and a completed safety course can put participants ahead of others seeking manufacturing positions.

**Program: Job Training - Health Care, Manufacturing, and Transportation-Distribution**

**Categorized as:** Job Training Formats  
**Description:** Funders' collaborative works to develop an educated, economically self-sufficient workforce that meets employer needs. Using sector-based employer driven strategies, participants improve work-readiness and secure industry recognized credentials. Through employer-led industry partnerships, employers are co-convened by

industry intermediaries and Capital Workforce Partners to assist lower-wage workers with identifying their path toward quality employment and assist employers with accessing a qualified workforce. Collaborative works through partnerships in three sectors. Manufacturing, Healthcare and Transportation, Logistics, and Distribution. Health Care partnership supports job seeker completion of training and bridge the gap between skills training programs and job placement efforts. Manufacturing partnership provides job seekers with industry recognized credentials, hands-on machine experience, and connections to internships that lead to employment. Transportation partnership strengthens the transportation workforce pipeline, support on-the-job training, and improve retention rates among new hires.

If you were recently released from incarceration, these additional resources will help you find services and programs that you may need.

### BE PREPARED!

If you left your ID at the correctional facility, call the Department of Correction Public Information Office at 860-692-7780 to see if you can obtain it. At the end of this guide, there is a section on "How to Replace Documents When You Have Lost All Your Identification Cards".

Note that if searching for shelters, some of the shelters and drop-in centers may require medical information, such as proof that you've had a tetanus shot, and a tuberculosis-free test result. These medical records are obtained from the nursing supervisor at the correctional facility. This guide also includes an "Immunization - Adults" section that lists facilities that provide immunizations.

**United Way 2-1-1:** You can find information about additional resources that are available by using the 2-1-1 online website, or by calling 2-1-1 and talking with a call specialist. The call center is available 24 hours a day, 7 days a week! Go to [www.211ct.org](http://www.211ct.org) and follow the directions on the web site to locate the type of service, and then the specific resource you need, or: Dial 2-1-1 directly and talk to one of the call specialists who will assist you. You can also reach them, toll-free, at 1-800-203-1234. They can help you locate a resource, provide referrals and crisis intervention services. The service is free and confidential.

**CT Department of Social Services:** Benefit assistance may also be available by contacting the Department of Social Services (DSS). To find out about the types of services they provide you can reach them at 855-626-6632 or at <http://www.ct.gov/dss/site/default.asp>.

**What if you don't have access to a computer?** Most public libraries have computers that are available for public use. They require a library card, but if you don't have one, they will issue you a temporary library card if you can show a picture ID or proof of address. If you have no ID, and if you are staying at a shelter, the library can give you a form to be filled out at the shelter.

**What if you don't have access to a phone?** You can apply for a free cell phone through the SafeLink Wireless Assistance program, 800-977-3768. This online web site lists those who qualify for the program:

<https://www.safelinkwireless.com/Enrollment/Safelink/en/Public/NewHome.html> or call 2-1-1 for other free phone services for Connecticut residents.

### ACCESS HEALTH CT CONNECTICUT'S HEALTH INSURANCE MARKETPLACE AND MEDICAID ENROLLMENT CENTER

- ☐ Call the enrollment center at: (855) 805-4325 if you do not have medical insurance, or access online at: [www.accesshealthct.com](http://www.accesshealthct.com).
- ☐ Or visit the 2-1-1 eLibrary paper "Access Health CT", which will link you to other general information on health insurance options and tips.

## MEDICAID PROGRAMS

For information about Medicaid programs and eligibility: Go to [www.211ct.org](http://www.211ct.org) and under "Search for Services" type in "Medicaid" in the search box.

## HOW TO REPLACE DOCUMENTS WHEN YOU HAVE LOST ALL OF YOUR IDS

The United Way 2-1-1 on-line web site contains complete information about how to obtain a:

- ☐ Birth certificate,
- ☐ State issued driver's license or non-driver identification
- ☐ Social security card

You can get the information one of the following ways:

Go to [www.211ct.org](http://www.211ct.org) and click on the "eLibrary" box. Then click on "Records, Licenses and Permits". Then click on "Replacing Documents When You Have Lost All Your IDs". This will give you links to the information about birth certificates, state issued licenses and IDs, and social security cards. OR Go to <http://uwc.211ct.org/social-security-cards-documents-required-to-obtain-a-social-security-number-and-card-or-a-replacement-card/> and it will take you directly to "Replacing Documents When You Have Lost All Your IDs". OR If you do not have access to a computer, you may dial 2-1-1 and speak to a call specialist who will assist you.

**Birth Certificates:** If you were born in the State of Connecticut but do not know the town where you were born, you can go to the State of CT Department of Public Health with identification; give them your name at birth and date of birth. The DPH will search for a record and if found, can issue the certificate while you wait. The fee is \$30. The web site is [www.ct.gov/dph](http://www.ct.gov/dph). The address is: Department of Public Health, 410 Capitol Avenue, Hartford, CT 06134; 1st Floor Department of Vital Records - (860)509-5690.

**Social Security Cards:** Note that when you apply for a social security card, it is required that you provide an address, where the card can be sent. Locations of the Social Security offices in Connecticut can be found on the Social Security website, <http://www.211ct.org/ICarol/nameresults.aspx?searchTerm=social+security+cards&town=-1> or by dialing 2-1-1
