The EBV is designed to open the door to business ownership for veterans by 1) developing their skills in the steps and activities associated with launching and growing a small business, and 2) helping them leverage programs and services for veterans and people with disabilities to achieve their entrepreneurial goals. Additional information: The EBV is designed around two central elements: a) focused, practical training in the tools and skills of new venture creation and growth, reflecting issues unique to disability and public benefits programs; and b) the establishment of a support structure for graduates of the program. The practical elements of the program involve three phases: Phase I: Delegates participate in a self-study curriculum, facilitated by an online discussion and assessment module, which will be moderated by entrepreneurship
faculty and graduate students from one of the partner EBV universitites. During this phase delegates will work on the development of their own business concepts. Phase II: During the nine-day residency at one of the six EBV universities, delegates are exposed to the nuts and bolts of business ownership through experiential workshops and lessons from entrepreneurship faculty from other programs around the country. Phase III: Delegates are provided with 12 months of ongoing support and mentorship from faculty experts at the EBV universities.

Program: Veterans Choice Program
Categorized as: Health Care Referrals
Description: Beginning November 5, 2014, the new Choice Program will offer veterans the option to receive non-VA health care rather than waiting for a VA appointment or traveling to a VA facility. Veterans are eligible if any of the following situations apply: 1) You have been told by your local VA medical facility that you will need to wait more than 30 days from your preferred date or the date medically determined by your physician, 2) Your current residence is more than 40 miles from the closest VA health care facility, 3) You need to travel by plane or boat to the VA medical facility closest to your home, 4) You face a geographic challenge, such as extensive distances around water or other geologic formations, such as mountains, which present a significant travel hardship. - VA will mail the Choice Card to Veterans enrolled in the VA health care as of August 1, 2014, and to recently discharged combat Veterans who enroll within the five year window of eligibility. Not all Veterans who receive the Card will be able to participate in the Choice Program - they must meet the criteria established under the new law. VA will implement this program in stages.
